**NARMADA ENGINEERING** has been established in the year 2013 with an aim to provide Mechanical services for customized job and heavy engineering inputs for infrastructure projects under one roof. NARMADA has been in this field since 2013 its inception and proven to be one of the leading engineering services in its areas of operation .

### Our Work Ethics

Our personnel are dedicated to the goals of the company. Believes in team work, continuous improvement and are committed to the growth of the organization. We boast a work culture that promotes creativity and excellence and rewarding merit with recognition and incentives. Towards this end we provide our site personnel with an array of facilities and benefits.

### Our Vision

To provide efficient, reliable and growth oriented opportunities and solutions for client. Provide career growth and sustainable retainer ship to workforce.

## **HEALTH AND SAFETY , ENVIRONMENTAL POLICY**

NARMADA ENGINEERING , are committed to promote safe and healthy working conditions and pollution-free environment by constantly guiding all our activities within a consciously recognized and adopted set of standards.

- 1.** Impact awareness to employees to make the working environment safe by adopting safe work practices. Our motto is to achieve & maintain ZERO accident in our workplace.
- 2.** Improve our Environmental; Health and Safety performance continually for prevention of adverse impacts in all areas particularly site construction activities.
- 3.** Comply with applicable EHS Legislations and other requirements related to identified Environmental Aspects and Occupational Health and Safety Hazards.
- 4.** Periodically analyze information on EHS performance to up grade our Processes, Systems and Facilities.
- 5.** To enhance effectiveness of the Environment, Health and Safety Management System through regular Audits and Managements Reviews.
